PUBLIC NOTICE n° 37
NOTICE OF SELECTION PROCESS FOR ENTRANCE INTO MASTER'S
DEGREE COURSE 2017

In accordance with CEPG Resolution 01/2006, the Coordination Office of the Graduate Program in Social Anthropology of the National Museum, Federal University of Rio de Janeiro (PPGAS/MN/UFRJ), exercising its duly delegated powers and following the decision of the Coordinating Council of PPGAS/MN/UFRJ, and according to the exigencies of CEPG Resolution 01/2006, has unanimously approved during its meeting on December 1st 2016 to publically open registration for the Graduate Program Entrance Selection Process for 2017, and to establish norms and procedures referent to this process.

1 – OPEN POSITIONS

1.1. PPGAS/MN/UFRJ has 15 (fifteen) open positions in its master's program, which will be filled according to the rankings of candidates in the selection process. Note that entrance into the program does not guarantee any scholarship.

1.2. In accordance with decisions taken during the meeting of October 4th, 2012, PPGAS/MN/UFRJ has adopted a policy of affirmative action and will thus offer additional positions exclusively black and First Nation/indigenous candidates who are either Brazilian citizens or foreign permanent residents of Brazil and who which to participate in the Program's Affirmative Action Policy.

All candidates will be offered the option of competing for these additional positions upon registration, conditional upon their declaration of First Nation/indigenous or black identity. Three options are available:

I will not compete for the additional spaces available through PPGAS/MN/UFRJ's Affirmative Action Policy.

I will compete for the additional spaces available through PPGAS/MN/UFRJ's Affirmative Action Policy. I declare myself to be First Nation/indigenous.

I will compete for the additional spaces available through PPGAS/MN/UFRJ's Affirmative Action Policy. I declare myself to be black.

1.3. Those candidates who decide to participate in PPGAS/MN/UFRJ's Affirmative Action Program will be known as *candidates opting in*.

1.4. A minimum of 1 (one) position will be opened for First Nation/indigenous candidates opting in. Another set of positions equal to 20% of the total of regular positions available in the selection process will be opened for self-identified black candidates opting in.

1.5. All self-identified black candidates opting in and all candidates not opting in will obey all the rules and pass through all the stages of the selection process established by this Notice. Indigenous candidates opting in will first be selected through an analysis of their candidacy dossier. Candidates who do not opt in will be subject to a passing grade cut-off mark of 7.0 at all steps of the selection process. Candidates self-identified as black will be subject to a passing grade cut-off mark of 5.0 at all steps of the selection process.

1.5.1. Grading of written exams will be conducted in such a way as to maintain candidates' anonymity. The selection committee will thus not know which exams belong to candidates who opt in and candidates who don't opt in during the exam grading process.

1.5.2. Once the written exams have been corrected by all three judges, those candidates who have an average score of 7.0 or above (5.0 or above in the case of candidates opting in) will proceed to the oral exam. This same procedure will be followed during all stages of the selection process with candidates whose average scores are lower than 7.0 (or 5.0 in the case of candidates opting in) being eliminated from the selection process.

1.5.3. At the end of the selection process, all of the regular positions will be filled in accordance with candidates' scores, with no distinction being made to candidates opting in or not opting in. In this way, if a candidate who opted in has a score that qualifies them for a regular position, they will not be included in the competition for the additional affirmative action positions. These will only be distributed, after the regular positions, among the remaining candidates who opted in.

1.6. First Nation/indigenous candidates opting in will be selected primarily through an analysis of a dossier containing all of the information and documents listed in Item 2.2. Those candidates whose dossier is considered acceptable by the Selection Committee will then move on to the second step of the process, which consists of an interview by the members of the Selection Committee.

1.7. The Selection Committee may approve a number of candidates that is more than the number of positions offered. The excess approved candidates will be put on a waiting list, in order of classification, and will fill any vacancies left by candidates on the main list who decide, for whatever reason, that they will not enter into the Program.

1.8. In registering for the selection process, all candidates must sign a document specifically agreeing to all terms set forth in this notice.
